

Zoom Meeting
Meeting ID: 889 2573 8232
Passcode: inmu999

Speaker: **Dr. Rajesh Kumar Rai**, MU Adjunct Professor
Date: Friday 19th May 2023
Time: 2.00 – 3.30 PM (UTC + 07:00)

Mahidol University and Peking University launched the "China-ASEAN Science and Technology Cooperation Center for Public Health"

On 25th April 2023, led by **Assoc. Prof. Nopraenue Sajjarax Dhirathiti**, Vice President for International Relations and Corporate Communication, accompanied by **Assoc. Prof. Dr. Sarawut Thepanondh**, Dean of the Faculty of Public Health, and **Assoc. Prof. Prapat Wanitpongpan**, Deputy Dean for Corporate Communication and International Relations of the Faculty of Medicine Siriraj Hospital, attended the opening ceremony of the "China-ASEAN Science and Technology Cooperation Center for Public Health" at Peking University in China. The center aims to facilitate high-level exchanges and cooperation in healthcare, global health research, and research collaboration between healthcare institutes in Thailand and China.

MUSAIS organized "Taiwanese Cultural Day"

On 5th April 2023, Mahidol University Students, Academic and International Services (MUSAIS) organized "Taiwanese Cultural Day" with Taipei Economic & Cultural Office in Thailand, Taiwan Education Center, Thailand, and students from UPs+ Spring program at Mahidol Learning Center building, Mahidol University, Salaya Campus.

The event provided insightful information for exchange and study in Taiwan, an exciting paper craft workshop, and a very engaging sharing session with MU students who joined the UPs+ Spring program in March at Tunghai University, Taichung, Taiwan.

"Viral Vector Symposium and Workshop"

On 18th April 2023, **Assoc. Prof. Nopraenue Sajjarax Dhirathiti**, Vice President for International Relations and Corporate Communication, delivered remarks at the opening ceremony of the "Viral Vector Symposium and Workshop." The workshop, organized by the Institute of Molecular Biosciences and Faculty of Medical Technology, took place from 18th- 21st April 2023 at the Auditorium Room, Institute of Molecular Biosciences, Mahidol University, Salaya Campus. The objective of the workshop was to provide individuals interested in molecular life science technology and production, as well as the application of viral vectors in medicine, with valuable knowledge and insights.

This workshop featured a comprehensive program consisting of both lectures and practice sessions, all of which were honored by scientists, researchers, and pertinent representative organizations. These included **Dr. Xavier GROSMAITRE**, Attaché for Scientific and Higher Education Cooperation, and the team of delegates from the French Embassy; **Dr. Xavier MARI**, IRD Representative in Thailand; and **Dr. Arnaud MONTEIL**, Plateforme de Vectorologie de Montpellier, IGF.

Additionally, representatives from Mahidol University led the workshop, including **Asst. Prof. Narisorn Kitiyanant**, Deputy Director for Administration at the Institute of Molecular Biosciences; **Asst. Prof. Dr. Sineewanlaya Wichit**, Faculty of Medical Technology; **Dr. Rodolphe HAMEL** and **Asst. Prof. Natee Jearawiriyapaisarn** from the Thalassemia Research Center at the Institute of Molecular Biosciences; **Asst. Prof. Methichit Wattanapanitch**, Department of Rehabilitation Medicine at the Faculty of Medicine Siriraj Hospital; and **Dr. Kanit Bhukhai** from the Faculty of Science.
