MoU Signing Ceremony between Mahidol University and University of York, UK

On 21<sup>st</sup> June 2023, Mahidol University, represented by **Prof. Banchong Mahaisavariya**, President and University of York, UK, represented by **Prof. Charlie Jeffery**, Vice-Chancellor and President participated in the signing of a Memorandum of Understanding (MoU) aimed at establishing and enhancing academic collaboration especially in the fields of Sciences and Social Sciences. This cooperation will encompass various activities, including conducting joint research through the York-Mahidol Seed Grant, organizing seminars, and facilitating student and staff exchanges, all contributing to developing education and research.

Mahidol University discussed academic collaboration with University of Pretoria, South Africa

On 25<sup>th</sup> July 2023, **Assoc. Prof. Dr. Nopraenue Sajjarax Dhirathiti**, Vice President for International Relations and Corporate Communication, along with a delegate from the International Relations Division, participated in an online meeting with **Prof. Alf Gunvald Nilsen**, Department of Sociology and Director of the Centre for Asian Studies in Africa (CASA) at University of Pretoria (UP), South Africa. The purpose of the meeting was to discuss a plan for future academic collaboration between the two institutes, aimed at supporting research and exchanges, including visiting professors, staff, and students.

Mahidol University with Mekong Youth Farm Network and Can Tho University organized "SDGs + Mobility MaPs 2023, Vietnam"

Mahidol University with Mekong Youth Farm Network and Can Tho University organized the "SDGs + Mobility MaPs 2023" (Sustainable Development Goals + Mobility Mahidol University Projects) from 22<sup>nd</sup> - 29<sup>th</sup> July 2023 in Vietnam. The participants from Mahidol University are 20 students from the Faculty of Nursing and Mahidol University Kanchanaburi Campus; 10 students from Can Tho University, as well as 6 Lecturers, and 2 university staff.

This program provided students and staff a unique opportunity to explore new environments and expand their understanding of the Sustainable Development Goals. Engaging in a diverse range of activities throughout Da Lat, Phu Quoc, and Can Tho City.

The learning approach encompassed self-directed learning, group discussions, and presentations. Encouraging active participation, students took the initiative to propose innovative ideas and construct comprehensive plans for studying their chosen subjects, including Water, Garbage, PM 2.5, Food, and Culture. Collaborating closely with mentors, they devised strategies to address the specific objectives they aimed to investigate. This program fostered a holistic learning experience, enabling all involved to not only acquire knowledge but also apply it practically, thus contributing to a more sustainable future.
