**Mahidol Open House Ceremony 2023 "Ignite the Future"**

Mahidol University President, **Prof. Banchong Mahaisavariya**, commenced the Mahidol Open House Ceremony 2023 "*Ignite the Future*," held between 16<sup>th</sup> - 17<sup>th</sup> September to promote Mahidol University and its institutions and offer insights into various aspects, such as the academic programs, scholarship opportunities, career prospects, student activities, and admission preparation.

**Asst. Prof. Chatchai Kunavisarut**, Vice President for Student Affairs and Alumni, and chair of the organizing committee, delivered a remark.

# The International Conference for Public Health, Environment, and Education for Sustainable Development Goals and Lifelong Learning

On 28<sup>th</sup> September 2023, **Assoc. Prof. Sarayut Supapannachart**, Executive Assistant to the President of Asset Management at Mahidol University, is honored to preside over the opening ceremony of the International Conference for Public Health, Environment, and Education for Sustainable Development Goals and Lifelong Learning organized by the Faculty of Public Health. On this occasion, **Prof. Dr. Agustin Kusumayati**, President, of Asia-Pacific Academic Consortium for Public Health (APACPH) and **Dr. Nik Tuah**, Deputy Director Center of Lifelong Learning, Universiti Brunei Darussalam, Brunei participated in giving a speech during the opening ceremony.

This conference featured guest speakers from leading educational institutions in the field of public health, addressing topics such as environmental issues, occupational health, and the application of artificial intelligence technology. The aim was to bring together professors, researchers, students, and interested individuals from around the world to provide updates on national and global situations, share research findings, and exchange academic ideas with public health experts.

## MUIC Participated in the Virtual Media Lab

Mahidol University International College (MUIC) sent a representative to the Virtual Media Lab organized by the Creative Economy Agency on 4<sup>th</sup> October 2023 at the Grand Postal Office, Bangkok.

The Virtual Media Lab is meant to create a space for users to experiment, text and learn about virtual production technology which can be a great way to foster innovation and education in this field. The organizers said that *“raising the level of Thai content to create a soft power phenomenon in the international market is a commendable goal and will have a significant impact on Thailand’s global influence and reputation.”* It added that *“creating an area for students to use without charge to prepare for careers in the content industry and transition effectively to the labor market is a valuable initiative that can foster education, skills development and workforce readiness.”*
