- SUSTAINABLE LIFE AND SOCIETY

USD 980

with a 3 day - 2 night trip to Chonburi

SAWASDEE THAILAND

Summer Program 2025

Thailand isn't just a destination; it's a world of endless discovery! Renowned for its breathtaking beauty, warm hospitality, and tantalizing cuisine, this vibrant country draws travelers from all corners of the globe. But that's only the beginning—there's so much more beyond the typical tourist trail.

Our **Sawasdee Thailand Summer Program** isn't just about interactive classrooms. It's an immersive cultural experience where local universities and communities open their doors to share their unique perspectives and traditions. By the end of the program, you won't just feel like a visitor—you'll be truly at home in Thailand, having experienced life as a local. Even your Pad Thai will come with a story!

OUR CAMPUS AT SALAYA

Salaya Campus' natural and green environment makes it an ideal place for living and learning. The campus has plenty of green open spaces, lush tropical scenery, landscaped gardens, as well as cycling lanes and a pedestrianized landscape. As the most eco-friendly university in Thailand, we care about efficient energy usage and waste and water management.

An iconic landmark on our campus is the Prince Mahidol Hall, captivating visitors with its unique design. Apart from being an auditorium for the commencement ceremony, it also serves as an orchestra hall, opera house and conference venue.

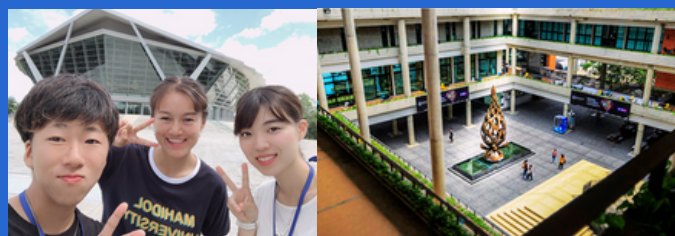

About 25 kilometers away from Bangkok, Salaya is accessible via public transportation as well as shuttle services.

Housing (2 weeks)

Shared room for 2-3 ▶ **USD 300**

Single ▶ **USD 620**

Single room price includes hotels during the trip.
